

**CWA District 9
Frontier Bargaining Update
September 7, 2022**

In our bargaining session today the Frontier Bargaining Committee responded to our Contracting supposal presented yesterday. Frontier rejected the supposal that would appropriately reduce the number of contractors. The supposal presented yesterday would bring back the work to the rank and file while creating job security for the future. Your Bargaining Committee continues the FIGHT...We meet with the Company tomorrow.

**Are you allowed to attend your meetings like this
Frontier subcontractor?**
