## Cutting health care for millions to pay for CEO and Wall Street tax cuts *is a sick idea!*

Congress is set to repeal the Affordable Care Act and slash Medicaid funding. Tell your representative to say NO to health care cuts.

**Millions will Lose Coverage**  
15-20 million Americans will lose their insurance coverage. Most of these are working families.  
[Forbes 03/07/2017]

**Millionaires will Get Tax Cuts**  
The richest 400 households in America will each receive an average \$7 million in tax cuts every year. Drug companies and health insurance companies will also receive massive tax cuts under this bill.  
[Center on Budget and Policy Priorities 01/12/2017]

**Millions of Jobs will be Lost**  
2.6 million jobs will be lost immediately, including 1 million health care jobs as hospital budgets are squeezed from the rise in uncompensated care. Other job loss will occur in construction, retail and other sectors.  
[Commonwealth Fund 01/05/2017]

**State Programs will Lose Billions**  
\$370 billion in health care costs will be shifted to states over the next decade. States will be forced to reduce benefits and make cuts to providers. Those with disabilities, children, and seniors in long-term care will be hit hardest.  
[Center on Budget and Policy Priorities 03/07/2017]

CALL YOUR MEMBER OF CONGRESS **1-855-980-2346**

Tell them to stand with patients, workers and health care providers and to oppose any health care cuts.
