

CWA District 9 Frontier Bargaining Update August 3, 2022

We informed the Company that the Contracting MOA (FiOS Jobs of the Future) has expired and is no longer in existence. The Union's position is that the Company is to abide by Article 7-Contracting of Work. The ball is in the Company's court to respond. Our message is **LOUD AND CLEAR**; we will **NOT** let contractors take our work!

WE DEMAND JOB SECURITY
