

AT&T Bargaining Bulletin #2

February 23, 2024

AT&T WANTS TO TAKE MORE MONEY FROM OUR MEMBERS AFTER RECORD PROFITS!

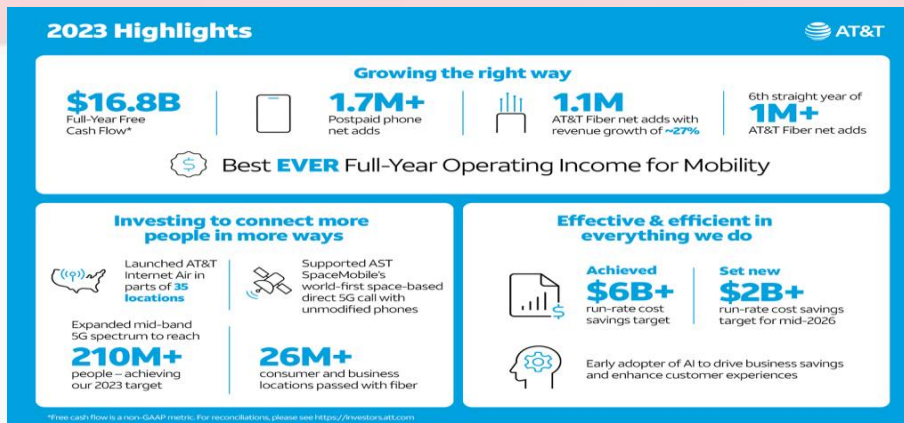

The company passed its first proposals today to the Union Bargaining Team. Included in the proposal was a massive increase in monthly medical costs in addition to skyrocketing increases in out-of-pocket expenses.

If that was not enough, they also passed a proposal to cancel our pensions.

Listed below are AT&T's record profits from 2023 and their outlook to improve even more in 2024. The company wants to take more benefits from you to improve their profits. Review their own chart below to see how much they have made!

This is a call to arms! Our bargaining team is fighting tooth and nail against these outrageous proposals, but we need each and every one of you to channel your anger into action. Attend meetings, stay informed, and be ready to unleash your justified fury if we are pushed to mobilize.

Thank you for your attention and ongoing support.
