

CWA DISTRICT 9

DIRECTV

FEBRUARY 27, 2024

Your elected CWA Bargaining Committee submitted a couple of proposals to DIRECTV's committee. Proposals:

- ❖ Union/Company relations
- ❖ Overtime
 - We addressed DIRECTV's EXCESSIVE need to call required overtime.
 - DIRECTV's response was the current caps should remain as is.
 - At this moment, we are at **no agreement** with regards to overtime caps.

We submitted a Request for Information (RFI) on DIRECTV's Workday/AUTS.

We formally verbalized that all 2020 applicable contractual MOAs should transition into the new 2024 DIRECTV contract – keep in mind, some MOAs may require amendments (e.g., Overtime MOA).

We began discussions regarding changing the Premises Technician title to something suitable for the job description/duties.

Stay Engaged – Get Involved – Mobilize, Mobilize!

In Unity,

District 9 DTV Bargaining Team
