

## **Frontier Bargaining Report #7**

**9/6/2025**

This morning your CWA elected bargaining committee resumed negotiations with Frontier.

As a good faith effort to achieve a tentative agreement before expiration, both parties agreed to work through lunch.

The bargaining committees are actively working through a myriad of proposals / counter proposals – there is positive movement.

Stand by and stay ready as we continue to update you throughout the night on our progress.

Please continue to mobilize and support your bargaining committee!
